

Automated Hands-Free Foaming Skin Care Dispenser

The RedDot Automated Hands-Free Foaming Skin Care Dispenser is a perfect complement to the RedDot toilet tissue and hand towel dispensers with its matching, sleek design features. This dispenser brings an updated look and feel with reliable, long-lasting performance.

- Dispenses all three RedDot skin care products including fragrance-free foaming soap, foaming antibacterial soap and alcohol-free foaming hand sanitizer.
- Battery-operated, no-touch design means less chance for cross-contamination.
- Great dispenser for those that want to portray a more upscale image. Perfect for university, acute care, hospitality and foodservice settings.
- Window on unit displays the product name inside the dispenser and gives maintenance staff a quick view of soap levels.
- Easy to refill, high-capacity 1000 ml bags mean better productivity with less refills.
- Unique, one-time use pump design delivers an effective amount of foam to clean thoroughly without waste.
