

Junior Jumbo Two Roll Toilet Tissue Dispenser

The RedDot Junior Jumbo Two Roll Toilet Tissue Dispenser is a great solution for those who want high-capacity toilet tissue with a larger footprint to better broadcast brand and organizational messages.

- Great for a wide range of facilities with high-traffic needs including foodservice, healthcare, education, office buildings and more.
- High-capacity, 1000' rolls mean less chance of outages and reduced worker maintenance.
- When in the down/visible position, the engineered pivot mechanism is a quick indicator that the unit is still on the first paper roll.
- 1st roll must be completely exhausted before the pivot mechanism will allow access to the 2nd roll.
- Pivot mechanism will not rest against 1st roll even if the user tries to switch to the 2nd roll - it will return itself to the upright position due to the position of its center of mass.
- Secondary roll compartment reduces customer outages.

Standard Smoke with Vinyl Wrap
