

Mechanical Foaming Skin Care Dispenser

The Mechanical Foaming Skin Care Dispenser is a great complement to the rest of the RedDot Brands dispenser family. It's a great solution for those that don't want to use batteries due to sustainability, cost, or maintenance concerns.

- Dispenses all RedDot Brands skin care products including fragrance-free foaming soap, foaming antibacterial soap and alcohol-free foaming hand sanitizer.
- Unit dispenses .08 ml per dose
- Precisely measured applications control usage for cost-effective performance.
- Effective dispensing system for those with tight supply and labor budgets. Perfect for K-12 education and long-term care settings.
- Window on the unit displays the product name inside the dispenser and gives maintenance staff a quick view of soap levels.
- Easy to refill, high-capacity 1000 ml bags increase productivity with fewer refills.
- Unique, one-time use pump design delivers an effective amount of foam to clean thoroughly without waste.
