

Mechanical Hands-Free Roll Towel Dispenser

The RedDot mechanical roll towel dispenser is the perfect answer for those currently using folded towels. Regulated sheet sizes of 9" controls customer usage and can lower costs up to 30% versus folded towels.

- This high-capacity roll towel dispenser holds 1000' roll towels, resulting in fewer maintenance change outs, reduced customer outages and less waste.
- Pull down with both hands without touching a lever, crank, or button thereby eliminating any chance for cross-contamination.
- There is no need for batteries with this dispenser, making it perfect for K-12 schools and other settings where labor is a challenge and automated dispensers aren't necessary.
- This manual dispenser holds the design theme of the other RedDot dispensers for skin care and toilet tissue and can be customized to hold your business logo and organizational message.
- RedDot Mechanical Hands-Free roll towel dispensers work with all three RedDot family roll towels in your choice of natural brown, bleached white or through air dried (TAD) white.

Standard Smoke with Vinyl Wrap
