

Mini Core Two Roll Toilet Tissue Dispenser

The RedDot Brands Mini Core Two Roll Toilet Tissue Dispenser is a great solution for those who want high-capacity toilet tissue in a small space, or for those who simply want a reduced footprint for their dispensers.

- This dispenser is ideal for use in a number of markets including foodservice, healthcare, education, office buildings, and more.
- High-capacity, 1000 sheet tissue rolls reduce outages and the need for maintenance.
- When the engineered pivot mechanism is in the down/visible position it is a quick indicator that the unit is still on the first roll of paper.
- Pivot mechanism restricts access to 2nd roll until first roll has been completely exhausted.
- Pivot mechanism will not rest against 1st roll even if the user tries to switch to the 2nd roll - it will return itself to the upright position due to the position of its center of mass.
- Outages aren't a problem with the secondary roll compartment within this system.

Standard Smoke with Vinyl Wrap

Custom Resin with Vinyl Decal
