

## Natural Roll Towels

Our natural roll towels are the most cost-effective offering in the RedDot Brands towel dispensing family. These non-bleached, chlorine-free towels add to a stronger story around sustainability while bringing the lower cost offering of all of the RedDot towels. These towels are perfect for industrial, K-12 or long-term care settings controlled by challenging budgets and cost concerns.

- Reduce waste and maintenance time with high-capacity 1000' rolls.
- Green Seal certification\* shows environmental concern and brings the opportunity to earn LEED credits. These towels are made from 100% recycled fibers and 50% post-consumer fibers to tell a strong sustainability story.
- Can be used in both our automated hands-free roll towel dispensers and manual roll towel dispensers.
- Paired with RedDot dispensers, these towels help control usage for cost-effective performance. Can reduce waste by up to 30%.
- Cross-contamination is kept at an absolute minimum with RedDot's touch-free dispensing systems.

\*This product meets Green Seal™ Standard GS-1 based on chlorine-free processing, energy and water efficiency, and content of 100% recovered material with a minimum of 50% post-consumer material. GreenSeal.org
